

PROMISED LAND FREQUENTLY ASKED QUESTIONS

How will you notify me if my child needs me?

Parents of preschool age children and under will receive a pager during our weekend services. When parents are needed, their pager will vibrate to indicate they should return to the room where children were dropped off prior to service. A volunteer will match parents and children by the ID sticker received at check-in.

Is your children's program the same at each service?

The curriculum is the same for each service.

What if I have to leave service early? Is there a place I can watch the rest of the service?

The cry room is located at the top of the spiral staircase just inside the glass doors where you can watch the remainder of service in a family friendly environment.

What do I do if my child has food allergies?

The Promised Land is a peanut-free environment. However, if your child has additional food allergies we need to be aware of, please feel out an allergy form in the classroom and alert one of our volunteers so we can properly identify your child & his or her special needs.

Do I have to be a member to bring my kids to the Promised Land?

No, you don't have to be a member. Everyone is welcome in the Promised Land! Ready to register your child? You can [download the registration form \(PDF\)](#), complete it and bring it with you!

What Curriculum do you use?

Currently our preschool ministry is working through the "My First Message" Bible. We are supplementing with curriculum from Gospel Light for craft and activity ideas. We are very excited to be taking the children right through the Bible stories. We'd love to partner with parents. Our hope is that parents will pick up their own copy of "My First Message" to read with your family at home.

How can I connect if I'm expecting a new baby?

If you are a new parent, expecting a baby, adopting or know someone who is, please contact us! We would love to be praying for you and helping you prepare for your new little one. If you need help in the adjustment phase, we're here to help!
